Hi Business team,

I got so busy this week as most of us are, so thank you for your patience to see this delayed report, [here](#), also attached.

Last week [REDACTED] got a complaint about no physical distancing, and then outbreak happened.

This week, as much as I know, 2 places received complaints soon after Ops team noticed there were outbreaks in these facilities.

More inquiries on how to run business safely, and what to do if employees are tested positive or close contacts.

Let me know if you have any questions.

Thanks!
